Salva-cea Is a Perfectly Safe Remedy to Use.

REPORT BY THE DISTINGUISHED CHEMIST,

PROF. HENRY A. MOTT, PH.D., LL.D., Etc.,
Fellow of the London Chemical Society, Member of the American Chemical Society, Chemist of the Medico-Legal Society, Author of numerous scientific works on Food, Ventilation, Chemistry, etc.

"NEW YORK, October 22, 1895.

"Pursuant to request I have examined the preparation known as SALVA-CEA and find the same to be composed of perfectly harmless and efficient medicinal constituents, principally of vegetable origin. Chemical analysis demonstrates the entire absence of any metallic poison, such as lead, mercury, arsenic, copper, etc., or their salts, as also the entire absence of any alkaloid, such as morphine (opium), strychnine, etc.

"It is not the office of the chemist to point out the medicinal applicability of any preparation, still, knowing the nature of the constituent elements which compose SALVA-CEA, I can say that the properties of the same are so well defined that I am justified in saying it should accomplish the work for which it is recommended.

"I have the honor to sign myself, Yours respectfully,
HENRY A. MOTT, PH.D., LL.D."

SALVA-CEA is a positive remedy for piles, colds—especially cold in the head—all skin irritations and chafings. It is antiseptic and anodyne.

Two sizes, 25 and 50 cents per box. At druggists, or by mail.

For deep-seated pain and rheumatism of the joints use Salva-cea, "Extra Strong." Sold in tins at 75 cents each.

[illegible] Well Known Citizen Who Owes [illegible] to Paine's Celery Compound.

Above is the picture of another of the thousands of well-known citizens whom Paine's celery compound has made well. Chief Postoffice Inspector M. D. Wheeler, of Washington, D. C., writing to the proprietors of this most wonderful of curatives, says:

"I have used Paine's celery compound with marked improvement in health. At the time I commenced using it, I was very much run down from overwork and was advised by a friend to try it. I began almost immediately to improve, and after taking three bottles felt well enough to discontinue its use, and have been permanently benefited. I heartily recommend it to the public."

Mr. Wheeler has found out what every one should learn—that putting heart and soul in one's business no longer means sticking to the desk, counter or work-room till the head grows dizzy, the back aches and neuralgic twinges shoot through the frame.

They are the short-sighted men and women who put up with this state of things when the risk is so great and the remedy so easily within their reach. As weakness, nervousness, languor and sleeplessness are clearly the result of low nervous nutrition, so permanent relief will come from rapidly building up the wasted nerve tissues. Paine's celery compound is the means best calculated for this end.

Paine's celery compound purifies and reinforces the blood in a way that no other remedy has ever attained. There comes an immediate clearing of the jaundiced, muddy complexion; neuralgic and "sick" headaches cease to afflict, and the formerly wretched sleeper enjoys the blessings of sound restoring sleep. Given the hearty appetite, the sound sleep and the pure blood, all the other needful things that go to making what we call perfect health, are sure to follow.

Low spirits, constant brooding over fancied wrongs and imaginary slights, melancholia and fretfulness are not treated as seriously as they deserve. They are evident faults of the tired, nervous system and are to be corrected by putting an end to the neglectful condition of those vital parts.

Don't wait for nervous prostration.

When headaches continue and that tired feeling keeps up, or pain is felt over the kidneys, arouse the body from its unhealthy condition, get rid of not only these symptoms, but of the underlying causes, by prompt recourse to Paine's celery compound. This great nerve and brain restorer will not leave a vestige of kidney disease, nervousness, unhealthy state of the liver or heart trouble.

Its way of curing these alarming complaints is direct and unfailing.

It replaces unhealthy tissues by new and healthy parts and cleanses and purifies the blood until the tired body regains the elasticity and high spirits that are the sure accompaniment of perfect health.

WHEAT THE FEATURE

Of the Week's Development in the World of Business.

Greater Confidence in Future and Doubt Removed as to Money Market.

Traders Reported as Hopeful for Business After Election and Next Spring.

New York, Oct. 23. R. G. Dun & Co's weekly review of trade says:

The event of the week has been the sensational advance of wheat to 83 cents for cash Tuesday, a rise of 5⅛c and its fall to 77 Thursday, gaining 1⅝ Friday. The rise was magnified by covering of speculative sellers who imagined the advance had gone too far and was at bottom based on the extraordinary foreign demand, which has engaged grain vessels from all Pacific as well as Atlantic ports for months ahead. The political influence of the rise, which averages about 20c at western markets, is potent in various branches of trade, giving greater confidence in operations for the future, and removing doubt as to the money market.

Nor is this influence lessened by the action this week after short sellers had covered, elevators been filled, and credits straightened to hasten grain forward.

The advance of rates by the Bank of England to 4 per cent, is meant to draw gold from other countries for American requirements, which it is evident the bank expects to be heavy. Shipments of gold from Europe and Australia are already $70,988,928; actual receipts $57,707,510.

Failures for the week are 274 in the United States, against 231 last year.

Bradstreet's Review.

Bradstreet's to-morrow will say: General trade continues along conservative lines, buyers and sellers preferring to defer business until after election. Traders are more hopeful as to the outlook for business later in the year and next spring. The reaction in wheat prices after an advance of 22 cents is the natural result of a desire to realize profits, advance in rates for money and enormously heavy receipts of wheat at primary markets caused by higher prices. The comparatively small stocks of wheat in importing countries, the decrease in the world's total production of wheat for two years in succession, unexpected shortages in Russia, India, Argentine and Australia and only an average crop in the United States, are interpreted to mean that the price of wheat will further advance.

Mercantile collections continue as difficult to make as heretofore, except in a few larger cotton growing states and in the spring wheat region, where the rapid marketing of cotton and wheat rendered funds more plentiful. There is a disposition on the part of planters to hold cotton for advance. Another cargo of wheat has gone from San Francisco to India. The Tacoma and Seattle lumber and wheat export interests continue active. A large number of manufacturing industries have started up, and the outlook for export trade is such that available vessel room has been engaged for months in advance and freight rates continue upward.

Corn prices sympathize with wheat quotations and the only other two prominent products, the prices for which are lower, are apples and cottonseed oil. Firm and practically unchanged prices for pork, lard, coffee, sugar, cotton, refined petroleum and copper indicate the strength of the general market. Advances are reported for wheat flour, and oats, butter, cheese, and eggs, canned vegetables, dried fruits among the food products; wool, leather, print cloths, pig tin and crude petroleum.

Interest in iron and steel products lags; prices are firm, buyers evidently preferring to pay more after November 3 than to order now. It is noteworthy that while higher prices after election are not predicted in all lines, lower prices are not anticipated for any staple.

Total exports of wheat (flour included as wheat) from both coasts of the United States and Montreal this week are not quite as large as for the four preceding weeks, but heavier than in the corresponding weeks in three preceding years, amounting to 3,823,000 bushels, compared with 2,658,000 in the corresponding week a year ago; 3,353,000 two years ago and 3,327,000 three years ago.

Exports of Indian corn continue heavy, amounting to 2,897,000 for the week, 60 per cent. more than last week, more than twice as much as the week a year ago, and thirty times as much as the corresponding week of 1894.

Total bank clearings in the United States are $1,047,000,000 this week, about 5 per cent. more than last week, and 10 per cent. less than in the third week of October, 1895.

There are 292 failures reported throughout the United States this week, 33 more than in the corresponding week of last year.

DEER MULTIPLYING

In Vermont Since Being Protected.

Montpelier, Vt., Oct. 23. In the house today was introduced a bill which increased the fine for killing deer to $200, makes close season Nov. 1 to Sept. 1. FATAL HEART DISEASE.

Death of Ex-Speaker Crisp, of Georgia, Friday.

He Had Been at a Sanitarium at Atlanta for About Two Months.

Death Will Complicate Matter of United States Senator to be Elected.

Atlanta, Ga., Oct. 23. Ex-Speaker Charles F. Crisp died here at 2.15 p. m. today of heart disease.

He had been at a private sanitarium here for sixty days.

Later.

Mr. Crisp died at the Holmes Sanitarium at 1.40 this afternoon. A paroxysm of pain in the heart preceded death, the paroxysm probably resulting from rupture of the heart as a result of fatty degeneration.

Judge Crisp came to Atlanta six weeks ago for treatment and was suffering from a typical case of malarial fever which had developed at his home in Americus. He spent June, July and a part of August in the mountains of North Carolina and Tennessee. His return to middle Georgia during the very hottest period of the summer developed the fever.

After a week's treatment the fever disappeared and the judge improved slowly. Last week he was driving several times and was getting stronger until Sunday night, when he was attacked with symptoms of his old trouble, pneumonia. Dr. Todd was called in and on Tuesday the congestion of the lungs disappeared but the patient was so weak that Mrs. Crisp telegraphed for her children and they came the next day.

Wednesday and yesterday Judge Crisp's condition improved, but he received no callers. His family were hopeful until 10 last night when he had a paroxysm of pain near the heart. At midnight there was another paroxysm and they continued at intervals all through the night and forenoon. He suffered intense pain but was conscious to the very last. At 1.30 his son, Charles F. Crisp, Jr. and younger brother and sisters went across the street to a hotel for lunch, Mrs. Crisp remaining with her husband.

At 1.40 the pain disappeared. A messenger was sent for the children. They came hurriedly and just in time to get some last glances of recognition, for Judge Crisp was unable to utter a word and died within five minutes. Although warned by the physicians that the end might come at any moment, when it did come it was tragic in its suddenness.

Gov. Atkinson was his last visitor, having called Sunday, when he and the judge chatted for an hour on current topics. Judge Crisp was keenly interested in politics to the very last. He opposed fusion with the Populists and charged Gov. Atkinson to defeat it if possible.

Judge Crisp was one of the leaders of the silver movement in Georgia and on that issue the state overwhelmingly indorsed him for the United States Senate, to which he would have been elected almost unanimously by the legislature, which meets Wednesday. His death at this time complicates the situation and may lead to a bitter fight for the Senatorship. Perhaps other offices will involved too. Judge Crisp declined to contest for re-nomination to the House.

It has been decided that the body shall lie in state at the Capitol to-morrow and addresses will be delivered by Governor Atkinson and members of the Georgia congressional delegation.

WASHINGTON NEWS.

RAIN

With a Spell of Clearing Some Time.

U. S. DEPARTMENT OF AGRICULTURE, WEATHER BUREAU.
Washington, Oct., 23, 8 P. M.

Indications:

Forecast for Saturday: For New England, threatening weather and rain, followed by clearing in western portion; brisk southerly winds, shifting to northerly in southern portion, becoming high off the coast; cooler.

Local Forecast.

Boston, Oct. 23. Local forecast for Saturday: Rain, probably clearing Saturday night. Cooler Saturday night; high southerly to westerly winds.

Weather Conditions, Etc.

The barometer has fallen except from Texas to the Pacific coast and northeast of New England. It is lowest north of the lower lake region, a secondary depression covers the east Gulf States and a third area of low pressure is central north of Montana. The barometer is highest over Colorado. Rain has prevailed in Southern, Middle and New England States and snow near Lake Superior. The weather is generally clear from the upper Mississippi valley westward. It is cooler in the central valleys, warmer on the Atlantic coast and at Rocky Mountains stations. The indications are that rain will prevail on the Atlantic coast districts with cooler, variable winds and clearing, and fair weather will prevail in the central valleys.

WILD MOB OF BRYANITES.

Howled Down Speaker for Sound Money and Threatened His Life.

Bedford, Ky., Oct. 22. W. B. Snyder, elector for the sixth district, was howled down by a mob in Trimble County at a debate between Snyder for the Palmer ticket, and L. E. Zerfoss for the Bryan ticket, at Wise Landing, in this county, last night.

Several made a rush toward Snyder to do him violence, but were restrained. Stones were thrown in the door of the building and Snyder was solicited by friends to retire with them by way of a rear door, as several men were awaiting him at the front door with weapons. Snyder showed his courage and, while unable to speak, remained on the stand fully one hour, but at the beginning of his fifteen minutes' rejoinder, the words "My friends" again started the mob and he retired. After the speaking a general fight followed.

"SOUND MONEY FLYER."

Arrangements for a Train to Go Through Eastern Tennessee.

Chicago, Oct. 23. A special from Knoxville, Tenn., says: Arrangements were completed last night for the "Sound money flyer," a train which will stop at every railroad station in East Tennessee. It will consist of an engine, coach, sleeper and flat car for a speaker's platform. Starting from Chattanooga, the train will run to Bristol, thence back to the Kentucky line, thence back to Knoxville and to Cumberland Gap and back to Knoxville and the Georgia line.

Five orators of national reputation will be on the train, headed, it is thought, by Chauncey M. Depew.

Ex-Senator Clayton is in New York looking after the assignment of speakers.

BROTHERS ARRESTED

On Charge of Defrauding a Brooklyn Couple.

Winsted, Conn., Oct. 23. Franklin D. and Edwin C. Thompson, brothers and real estate dealers, with an office in New York city, were arrested here this morning charged with defrauding W. F. Byrd and wife, of Brooklyn, out of $7,000. They were arrested this afternoon, pleaded not guilty and were placed under $3,500 bonds, which were furnished.

The complaint alleges that the Thompson brothers conspired to defraud Byrd and his wife out of certain property and mortgages of the face value of $3,000, by getting the latter to exchange them for certain real estate and other property standing in the name of the Thompsons, in Colebrook, by representing that the latter was worth far above its actual value. SENATOR HAWLEY INDIGNANT

Over Insult Offered by Mr. Gruber in New York Meeting.

New York, Oct. 23. A local paper says: Gen. Joseph R. Hawley has been one of the most acceptable speakers the Republican State committee has presented to city audiences during a number of campaigns. A few weeks ago he was invited to deliver a series of speeches here. Gen. Hawley arrived Thursday night.

He was asked to speak with General Porter, Chauncey M. Depew and Congressman Quigg at Lion Park and agreed to do so. Abraham Gruber was chairman. A large number of people were present. Gen. Hawley had hardly begun to speak, it is said, when he was peremptorily shut off by Mr. Gruber. He then left the hall.

Gen. Hawley is reported as saying to the district committee before his departure: "I have been personally insulted by the chairman of the meeting. If I had him before me here I would show him how I would personally resent that insult. I will never again speak at a political meeting in New York City."

The Republican State committee, so it was announced today, will make every apology to Gen. Hawley. It is stated there was no intention to in any way offend Gen. Hawley.

Chairman Gruber intended his words for the best, only desiring to divide the time so Congressman Quigg could get a hearing. Abraham Gruber to-day said: "Senator Hawley spoke for an hour. It is not true that I touched him on the shoulder after he had spoken fifteen minutes or that I snapped my watch."

Gen. Hawley's Statement.

Hartford, Conn., Oct. 23. In reference to the Lion Park meeting Wednesday evening Gen. Hawley said: "I regret exceedingly that the press has given so much attention to the unpleasant incident in which I was involved in the Republican meeting at Lion Park Hall.

"The facts are so garbled by the lies of Abraham Gruber, the chairman of the meeting, that I am compelled to tell the story. E. A. Sumner, a courteous gentleman, conveyed to me the invitation to speak and I accepted. I had no information as to the other speakers. I was kindly escorted to the meeting by Mr. Matthews and met Mr. Sumner.

"He said he had been selected by the committee to preside. He said Gen. Porter and Mr. Depew were expected, but the latter said Mr. Depew was not coming. That left the evening to Gen. Porter and myself. We agreed I was to speak first and take, say fifty minutes. Mr. Sumner told me Abraham Gruber, committeeman, wished to preside and he had yielded. Gruber called to the floor Mr. Broom, an actor, who spoke for fifteen minutes.

"Gruber announced me. He took his seat within two feet of my left elbow instead of sitting in the usual first line of chairs. I had spoken about fifteen minutes when Gruber leaned toward me and roughly said: 'You have just twenty minutes left.' I was greatly surprised and hurt. I had mentally selected certain topics to close with. In a few minutes Gruber said: You have only 5 minutes.'

"I brought my remarks to a close and told Gruber I would never come among such people again. I sat by Mr. Sumner a few minutes, who had not heard what Gruber said. Telling Mr. Sumner I was going I started for home, Mr. Sumner expressing indignation and denouncing Gruber. Gruber was grossly insulting. Mr. Sumner called next morning to express his regrets and disgust and said Mr. Depew fully agreed with him.

"Gruber says I had spoken forty minutes when he first spoke to me. He lies. I had spoken about fifteen minutes. He says he told me: 'Porter is here and he also wants to speak.' He lies. I had been chatting with Porter and knew his plans and desires. He says 'Senator Hawley spoke for an hour.' He lies. I spoke about 35 minutes.

"He says I am good for an hour and a half. I have not spoken so long in this campaign. The Advertiser says I was reported as saying 'If I had him before me here I would show him how I would personally resent the insult.' I said nothing of the kind.

"If I had been told there were to be other speakers than Porter and myself I would have cheerfully yielded any time. It is said Mr. Quigg came in. I did not know it. For the first time in my life I was brutally insulted in a meeting of my own party."

Civil Service Examination.

The United States Civil Service Commission has ordered that an examination be held by its local board in this city on Saturday, December 5, 1896, commencing at 9 o'clock a. m., for the grades of clerk and carrier in the postal service. Only citizens of the United States can be examined. The age limitations for this examination are as follows: Clerks, 18 or over; Carrier, over 21 and under 40. No application will be accepted for this examination unless filed with the undersigned, on the proper blank, before the hour of closing business on November 21, 1896. Applications should be filed promptly, therefore, in order that they may remain for correction if necessary.

The commission takes this opportunity of stating that the examinations are open to all reputable citizens of the United States who may desire to enter the service, without regard to race or to their political or religious affiliations. All such citizens are invited to apply. They shall be examined, graded, and certified with entire impartiality, and wholly without regard to any consideration save their efficiency, as shown by the grades they obtain in the examination.

For application blanks, full instructions and information relative to the duties and salaries of the different positions, apply to

C. F. Thompson,

ELECTION OF McKINLEY.

Considered as Assured, According to All Returns.

Mr. Hobart Says Republicans Will Carry Middle Western States,

Kentucky, North Carolina, West Virginia and Virginia With East.

Paterson, N. J., Oct. 23. The Morning Call of this city will to-morrow publish the following:

To the Editor of the Call: My opinion now is that we will carry all the eastern States and all middle western States, also Kentucky, North Carolina, West Virginia and Virginia. All these I consider sure and do not include any States that might in any sense be regarded merely possible or doubtful. You may tell the readers of the Call that, in my opinion, based on the most reliable information, there is no doubt whatever of the election of Major McKinley. The only question now involved is the size of the majority he will have in the electoral college.

(Signed) Garrett A. Hobart.

Water Board Meeting.

The Water Board held a special meeting yesterday afternoon. It was voted that Engineer Webber be authorized and directed to prepare and set up necessary machinery connected with the water power for running the pumps and agitators, of the filter plant.

It decided to reconsider the vote recently passed to recommit the matter of the legality of the filter contract to the City Government and it was voted to refer the question of the legality of the contract to the city solicitor. The filter company desires to have a clause in the contract stating that payment shall be made from a separate fund, set apart for that purpose.

Harper's Weekly

IN 1896.

HARPER'S WEEKLY is a journal for the whole country. It deals with the events of the world that are important to Americans.

In carrying out this policy, in 1895, Julian Ralph visited China and Japan, and journeyed through the West; Richard Harding Davis took a trip through the Caribbean Sea; the evolutions of the new navy were described and illustrated by Rufus F. Zogbaum; Frederic Remington presented studies of Army and Frontier life, Poultney Bigelow attended the opening of the Kiel Canal.

In 1896 like attention will be given to every notable happening. The chief events in art, literature and music and the drama will be artistically presented. W. D. Howells, in the new department, Life and Letters, will discuss in his interesting way books and the social questions of the time. E. S. Martin's sprightly gossip of the Busy World will be continued. The progress of the Transportation Commission around the World will be followed, and Caspar W. Whitney will conduct the department of Amateur Sport.

In 1896 will occur a Presidential election. In its editorials and through its political cartoons the WEEKLY will continue to be an independent advocate of good government and sound money.

In fiction the WEEKLY will be especially strong. It will publish the only novel of the year by W. D. Howells, and a stirring serial of a Scotch feud, by S. R. Crockett. The short stories selected are of unusual excellence and interest. In every respect HARPER'S WEEKLY will maintain its leading place in the illustrated journalism of the world.

The Volumes of the WEEKLY begin with the first Number for January of each year. When no time is mentioned, subscriptions will begin with the Number current at the time of receipt of order.

Remittances should be made by Post-office Money Order or Draft, to avoid chance of loss.

Newspapers are not to copy this advertisement without the express order of Harper & Brothers.

Death of Ex-Speaker Crisp

The announcement of the death of ex-Speaker Crisp, of Georgia, will be a shock to the country. Very few people outside his immediate family circle knew that he was in ill health and as a result of the recent election in Georgia his election to the Senate was confidently predicted. It seems, however, that Mr Crisp has been the victim of a heart trouble for some time and has been in a sanitarium for treatment for the past two months, but the disease had too strong a hold and resulted in the ex-Speaker's death yesterday afternoon. Mr Crisp was born in 1845 in Sheffield, England, where his parents had gone for a visit, and was brought by them to this country in the year of his birth. He served in the confederate army and at the close of the war was admitted to the bar in 1866. He was solicitor general and judge of the superior court, which office he resigned in 1882, in which year he was elected to Congress. He was Speaker of the House in the 51st and 52d Congresses.

Bryanism in Kentucky.

The Bangor Commercial heads a despatch giving additional particulars of the disgraceful efforts of the Bryanites to break up the meeting addressed by Secretary Carlisle, in Covington, Kentucky; "Threw three eggs and they were stale ones intended for Carlisle. A cigar also thrown in his face as he came out." On the editorial page of the same edition of the Commercial there appears an article under the caption, "Mr. Carlisle's reception at his old home," in which we find this astonishing declaration:

This is why Mr. Carlisle's reception at Covington was a just retribution to his own political course, and this is why he may thank himself for the hisses and jeers that welcomed him to his own State on Thursday. This is the final reward which a man receives for abandoning his party after he has been identified with it for years. He sows deceit and he reaps contempt.

Nothing could better illustrate the standard of the Bryan campaign. Secretary Carlisle has long been recognized as one of the leading men in the Democratic party. In common with the most of the other great leaders of Democracy he is opposed to the declarations contained in the Chicago platform. He has announced his position manfully and is exercising his rights as a citizen in opposing what he now conceives to be a menace to the country, as well as to the future of the party. His arguments are dignified and open. If he is wrong the Bryan managers have the same rostrum available from which to correct any misstatements he may have made. But instead of this, the very men who are shouting for absolutely free political action, deliberately send a lot of thugs to throw "stale" eggs at a Democratic Secretary of the Treasury, and the Bangor Commercial says it is "just retribution."

The Covington incident is an interesting object lesson. When the managers of the Bryan campaign will resort to such tactics against a man who was serving as a Democratic member of the Legislature of his State before Bryan was born, and who is to-day holding the high office of Secretary of the Treasury under a Democratic Administration, the people can form some idea of the desperate methods that will be used in the closing days of the canvass. The noise Chairman Jones is now making about the coercion of voters is only intended to distract attention from his own devices. There is no depth of political indecency to which the Bryan-Altgeld-Tillman-Debs combination will not descend if they see an opportunity to increase their vote. They do not believe in honest argument because they know that it means the downfall of their cause. It was not alone to punish Secretary Carlisle that they made the unsuccessful attempt to break up his meeting. It was because they feared the effects of his argument. Fortunately, however, Bryanism, whether in the form of rear platform speeches at ten dollars a minute, or Bryanism in the form of "stale eggs" cannot check the onward march of the American people in support of the principles of sound government. In this campaign the people will assert themselves as never before and the repudiators and their cause will be overwhelmed.

Altgeld's Followers

The Chicago Eagle published by Colonel Henry Donovan, who is fighting for sound money and the honor of the Democratic party, has been busy of late. Colonel Donovan a short time ago resigned the honor of a position on Governor Altgeld's personal staff rather than stultify himself. The makeup of the Popocratic county convention in North Side Turner Hall was queer, not to say curious. The Colonel makes his Eagle say

"A couple of detectives, at the request of the Eagle, made a thorough analysis of the make-up of the 723 delegates, with the following result.

Popocrats Give Up Illinois.

For the first time in the campaign leaders at the Cook County Democratic headquarters privately admit the probability of the Republicans carrying Illinois. Said one leader.

"Various causes have contributed to a highly unfavorable situation, but the chief weakness of our campaign has been the fact that we have not had the money to organize. The Republicans are well organized. We have not been in a position to reach many of the foreign voters, who have been misled on the money question. Take the Italians, 75 per cent of this element will vote the Republican ticket, while heretofore they have been Democrats. Republican leaders have told them that with free silver they would have to expend twice as many dollars when they send drafts back to their homes in Europe, and they believe it. The Italians send more money back to Europe than any other nationality.

"The Cook County Democrats pin their hopes on Mr. Bryan's visit here next week. They claim he will bring 50,000 votes to the support of free silver in Cook county alone and that this will save the State. We are growing more sceptical day by day about the claim that our gains in the State outside of Cook county will overcome the Republican majority here. Railroad and Warehouse Commissioner Fithian expressed the opinion Saturday that in the XIXth Congress District, which he has canvassed thoroughly, the net Democratic gain over 1892 will be only 1,000 votes. The district is one of the strongholds of free silver. It is claimed that no district in the State will show a larger net gain for silver. Taking this as a fair average, the net Democratic gain in all the seventeen districts of the State outside of Cook would be only 17,000, and substracting from that the 6,000 adverse majority against Cleveland in the State outside of Cook in 1892, would bring our ticket to the Cook county line with about 11,000 plurality. If these estimates of Democratic gains outside of Cook were doubled, the Democrats would still have a majority outside of Cook county much less than that conceded in most estimates to the Republicans in this city, and still lose us the State."

[New York Sun.]

A Violent Nebraska Judge.

The Hon William Jennings Bryan is not the only illustrious Popocrat in Nebraska. He has a formidable rival in the person of one C. R. Scott, of Omaha, one of the District Judges of the State. Mr Scott's language seems somewhat injudicial and injudicious, but possibly he is the kind of Judge that would abound if the Altgeld-Debs theory of opposition to "Federal interference" should prevail. Judge Scott varies his official duties by the delivery of stump speeches in the behalf of Mr. Bryan.

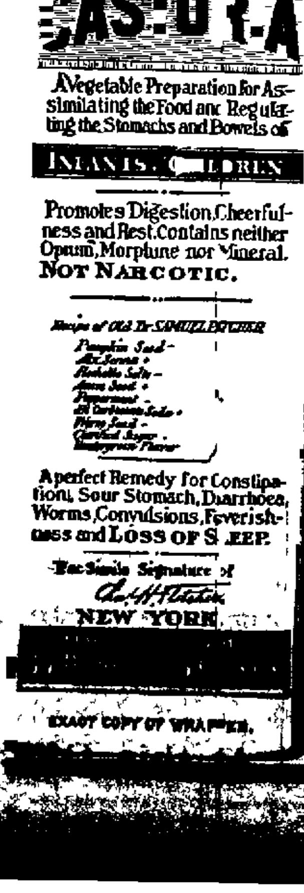

"If you defeat the American people at the polls in November," he told his audience in one of these speeches, "remember, remember, remember, you may drive them to revolution. You are treading on dangerous ground. The American people have a right to revolution, if necessary to obtain their liberties. When it comes to a question of slavery and serfdom on the one side, and a revolution on the other, the revolution can't come too quick."

The gentlemen who are calumniating the American people by their talk about "slavery" and "serfdom" must believe that the American people are idiots. This Judge Scott, a typical Bryan humbug. He conceals his want of ideas or contempt for the truth by excited utterances about "revolution." He is violent, foolish, and incendiary. The American people are conservative. Judge Scott and his associates in the business of misrepresentation will hear something to their own disadvantage on the Tuesday after the first Monday in November.

Ticket Thief Sentenced at Ossipee, N. H.

Ossipee, N. H., Oct. 23.—William Kendall of Wolfboro, who was arrested last Wednesday night charged with breaking and entering the North Wakefield, N. H., railroad station on the nights of Aug. 20 and Sept. 6, and also for breaking and entering the house of Station Agent Edward E. Brown on the night of Sept. 12, was arraigned before the grand jury here yesterday. Officer Maloney of Boston appeared for the railroad and placed before the grand jury $120 worth of tickets which were stolen from the railroad station and which were recovered in Kendall's barn where they had been hidden beneath a lot of hay. The tickets were all dated a week or more previous to the robbery, the thief turning back the dating stamp to do so. Kendall was found guilty by the grand jury and sentenced to five years' imprisonment.

Deafness Cannot be Cured
by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure Deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.
We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

BABY'S COMING.

Nature intended that every woman should look forward to the coming of her baby with joy and hope unclouded by anxiety. Almost painless parturition is quite the usual thing among uncivilized people. BREWER LOCALS.

Mr John Burke, of Chicago, is in the city visiting with his brother-in-law, Mr James O'Brien, of South Brewer.

Mrs. Nellie M Rice, of Cottage City, Mass, is in Brewer, visiting with her sister, Mrs F S Hodges, on Holyoke street.

The Patten house, on the corner of Main and Union streets, occupied by Dr Lethiecq, is being improved by a new coat of paint.

A number of Brewer members of the order will go to Newport to day to attend the October session of Penobscot Pomona Grange.

The funeral of Daniel J Sargent, who was killed in Boston, will take place this afternoon at 3 o'clock at the Congregational church. The interment will be at Oak Hill cemetery.

For all the latest styles in millinery call on Miss E M Jones corner of Main and Center streets. She always has a large variety of trimmed work for inspection and her prices are reasonable.

The Dirigo mill was shut down Thursday on account of a break down preventing the gang from being run. It was expected that the mill would resume operations again yesterday afternoon.

Walter Boynton of this city, who has been enjoying a hunting trip to Grindstone, returned home yesterday and brought with him as the result of his trip a caribou weighing 300 pounds, it being one of the largest shot in that vicinity this season.

The High school foot ball team goes to Pittsfield to-day to play the Maine Central Institute eleven. The Brewer boys have been putting up a fine game this fall and have not yet been beaten and so to-day's contest is looked forward to with a great deal of interest by their friends as the Pittsfield team is much heavier and better trained than any they have yet encountered.

The funeral of the late John G Downes was held yesterday afternoon at 2 30 o'clock from his late residence on Chamberlain street and there was a large attendance of relatives and friends, including many members of the Brewer fire department the deceased being foreman of Deluge Hose Co No 1. The floral tributes were very handsome. Rev J True Crosby, pastor of the Methodist church, officiated and singing was furnished by the Brewer Quartette. The interment was made at Oak Hill cemetery and the remains were followed to their last resting place by relatives of the deceased and members of the fire department. As the process on passed the hose houses the bells were tolled. W Z Clayton had charge of the funeral.

The First Baptist church of Brewer has just closed the first year of its existence and has made a remarkable and most praiseworthy record in its progress and work in that time. The church was organized one year ago with 28 members and now has 48. During the year $644 has been raised for current expenses and all debts are paid and there is a balance in the treasury. As a rule new churches require assistance financially from outside but this organization has not only paid its own expenses but has also contributed about $100 to various benevolent funds including that for the support of weak churches. There is a thriving Sunday school connected with the church and its progress is constant and most encouraging. At the annual meeting Thursday evening reports were read and the following officers were chosen: Clerk Mrs O Gordon, treasurer, H W Barbour deacons, J H Smith, A G Pitts, J H Hutchinson and George H Barbour, standing committee, the four deacons and Mrs S F Barbour. Mrs Lombard and Mrs Bunker. It was voted to raise $1 000 for the current expenses of the coming year.

THREE CLASSES OF MEN

is the title of a neat illustrated volume I have just issued for men. It gives in plain language the effects following youthful indiscretions and later excesses as Seminal Weakness, Impotency, Drains and Losses, Varicocele, Atrophy or undevelopment, and points out an easy and sure treatment and cure at home without Drugs or Medicines. It also explains the cause and cure of Rheumatism, Sciatica, Lumbago, Kidney Complaints, etc., without medicine. It is in fact a truthful resume of my thirty years wonderful success in the curing of these cases by Electric self treatment, and every young, middle aged or old man suffering the slightest weakness should read it and know just where he stands. It is sent free, sealed, by mail upon request. Address

Chinese Physician Released on Demand of Lord Salisbury.

Agreement Reached Between Managers of Trans-Atlantic Steamers.

London Oct 23 —The friends of the Chinese physician Sun Yat Sen who a few days ago was seized by emissaries of the Chinese Legation and is still detained at the legation as a Chinese political prisoner say the authorities of the British foreign office knew nothing whatever of the imprisonment of Sun Yat Sen until informed by his friends.

Detectives in the employ of the foreign office are constantly on watch in the vicinity of the Chinese legation in order to prevent the smuggling of the prisoner out of the country. The case will be referred to the legal authorities of the crown. The Chinese authorities now make no secret of the fact that Sun Yat Sen is a prisoner at the legation and contend that they can do what they like with a Chinese subject within the Chinese territory to all intents and purposes. The British authorities on the other hand maintain that the rights of foreign legations are protective only as regards their lawful inmates and are not ... administrative.

Later—Lord Salisbury has ... upon the Chinese legation for the immediate release of Sun Yat Sen.

Later—The demand of Lord Salisbury was complied with and Sun Yat Sen was released from the legation at ... o'clock this afternoon.

IS UNCONSTITUTIONAL

Law Requiring Separate Schools for Whites and Blacks

Jacksonville, Fla, Oct 23 —The decision announced yesterday declaring unconstitutional the law passed by the last legislature making it criminal to teach negroes and whites together was given by Judge Rhydon M Call of this district. The test was made at Green Cove Springs in the case of the state of Florida vs B D Rowley teacher in the school of the American Mission ary Society at Orange Park where it was alleged that negroes and whites were taught by the same teacher in the same class at the same time.

It was held by the judge that the title of the act was not broad enough to cover the contents of the bill. The title of the act is as follows: An act to prohibit white and negro youth from being taught in the same school.

The ruling was made upon the motion of the attorneys for the defence to quash the indictment. The case therefore did not come before a jury. State Attorney Hatridge says the defect in the title of the bill may easily be remedied by the next legislature.

THE FULLER TRAGEDY

Grand Jury Returns No Bill Against Brown.

Boston Oct 23. Yesterday afternoon the United States Grand Jury made a partial report in the circuit court in which they reported no bill against Charles Brown one of the defendants in the barkentine Herbert Fuller triple murder case. Brown was released from the charge of murder but was held in $ 000 as a witness. In default of bail he was sent to jail. This leaves Bram alone to answer to the charge of the murder of Capt Nash, his wife and Second Mate Bramberg.

Next Thursday the grand jury will meet again to determine if he shall be held for trial. Yesterday Brown was placed on the stand by the district attorney, when he told what he knew about the murder. His story will not be known until the trial.

Condensed Despatches

Mrs Sarah B Fessenden president of the Massachusetts State Board of Woman's Christian Temperance Union visited Ellis Island Thursday and told Dr Senner commissioner of immigration, that she had been authorized by responsible property holders of her State to offer bonds for a hundred of the refugee Armenians now held by the immigration authorities of New York as paupers. She said she would be responsible for the Armenians as far as the obtaining of work was concerned. Dr Senner was rather inclined to consider her proposition seriously and will hold the Armenians until Mrs Fessenden returns from Boston with the proffered security. The Salvationists have not given up their fight for the refugees. Dr Senner said that although the condition of the detained Armenians was pitiable it was his duty to observe strictly the letter of the law in the matter. On the steamship which arrived Thursday night from Hamburg there are said to be 160 more Armenians who fled from the brutalities in Turkey.

The missionary vessel Day Spring has been wrecked on the island of New Caledonia. There were seventeen persons on board eight of whom were saved. The fate of the others is unknown, but it is feared they have perished.

A despatch to the Madrid Imparcial from Havana says five columns of Spanish troops have been despatched to surround the forces of Maceo in the province of Pinar del Rio. The columns are marching separately.

A despatch from Constantinople says the Russian Black Sea fleet a few days ago visited Trebizond in Asiatic Turkey and its appearance caused a panic among the Mussulmans of the city, who apparently feared the object of the visit was to inflict punishment for the massacres of Armenians. The Mussulmans fled for refuge to the houses occupied by Armenians. The fleet sailed away the day after its arrival much to the ease of mind of the followers of the prophet.

According to official reports the Pizarro regiment under Major Flores, surprised the rebel bands commanded by Acosta and Delgado at Coco Solo, near Bejucal province of Havana. The cavalry men made a sudden furious attack upon the insurgents, who were disconcerted and fled in disorder. Nineteen dead rebels were found upon the field, including the leader, Acosta. The Spaniards had three wounded.

The Paris Temps publishes a despatch from Constantinople saying a fight has occurred between the Albanian and Turkish guards on duty at the palaces of the Sultan. Several of the combatants on each side were killed.

RHEUMATISM CURED IN A DAY

"MYSTIC CURE" for Rheumatism and Neuralgia radically cures in 1 to 3 days. Its action upon the system is remarkable and mysterious. It removes at once the cause and the disease immediately disappears. The first dose greatly benefits. 75 cents. Sold by Caldwell Sweet, J I Mountaine & Co Druggists, Bangor.

MORE CURATIVE POWER

Is contained in a bottle of Hood's Sarsaparilla than in any other similar preparation. It costs the proprietor and manufacturer more. It costs the jobber more and it is worth more to the consumer. It has a record of cures unknown to any other preparation. It is the best to buy because it is the One True Blood Purifier.

Hood's Pills are the best family cathartic and liver medicine. Gentle, reliable, sure.

The happiest man in Ellsworth Tuesday was Louis Sucy, who has been granted a pension of $16 a month, and received a check for $166 back pay. Sucy went to the war strong in body, he came out a physical wreck from months of starvation and privation in Andersonville prison. He has never since recovered his strength. He has been trying many years to secure a pension.

Percy, the six year old son of Leslie Kane, of Surry, was run over and severely injured about the head and legs by a passing team near the schoolhouse, Monday. The little fellow was carried to a doctor's office and his wounds dressed and from there to his home. It is hoped his injuries will not prove fatal.

Perhaps few know that Mr John G Moore who spent the summer at Grindstone Neck, is the man to whom is partially due the defeat of the income tax law. Mr Moore brought suit to test its constitutionality and the decision of the United States Supreme Court was adverse to the law. Mr Moore is senior member of the firm of Moore & Schley, bankers, of New York and last Thursday Mr F R Chapman of the firm offered to bet one million dollars that McKinley is elected. Mr Chapman has a half million to back his opinion that the Democrats will not carry a State east of the Mississippi river or north of the Ohio. The other $500 000 Mr Chapman would like to place on McKinley's chances in Kentucky.

The management of the Y M C A are arranging for a business men's banquet to take place in the parlors of the association some time during this month. The object is to entertain the business men of the community and at the same time to give them an insight into the work of the Y M C A and to create a greater interest on behalf of the young men. It is expected that speakers from away will be present to assist in the entertainment.

Calais Advertiser. The sad tidings of the death of Capt Wm O Hayden of fever while at Itapo, Guatemala has been received by relatives in this city. Capt Hayden sailed from San Francisco May 17 in command of the ship Wachusett. As a ship master he was ranked among the first upon the Pacific Coast where he has made his home for the past twenty five years. His strong personality and social qualities won for him many friends. Capt Hayden was the son of Charles Henry and Catherine Eliot Hayden of Pembroke Maine, born June 7th, 1840. He leaves a widow and two sons in Tacoma, Wash, also two brothers John H Hayden of Tacoma, and Chas E Hayden of Calais and two sisters, Mrs Lowell Talbot, of New York and Mrs Willard B King of this city to all of whom friends are tendering their heartfelt sympathy in their great sorrow.

We regret to learn of the illness of E W Haycock, of Calais caused by a sudden attack of paralysis. One side of the body was rendered entirely helpless, and for some time he was unable to speak. At the time of the attack he was lying on a lounge reading a paper. Mr Haycock is slowly recovering but is yet in a serious condition.

Half fare rates have been granted on the railroad for the Penobscot County Pomona Grange which is to be held in Newport at Meridian Hall to day. George F Leighton, Chester F Mills and Herbert G Soule were respectively elected captain first lieutenant and second lieutenant of the camp. Other officers will be elected and they will be installed Tuesday evening the 27th inst.

A pure white deer has been shot at Grand lake so it is reported. Saturday evening last the first moose killed near Columbia Falls in 40 years was proudly carried into that town by Frank Hartford, Hollander Worster and B B Tibbetts. But Monday afternoon M H Haycock, Ned Tibbetts, Harry Morris and Charles Morris returning from a hunt at a considerable distance, came upon a bull moose within a mile of the center of the village which they easily killed. He was by far the finest trophy of their whole trip.

The Pasadena Cal News of October 11 contain a poem written by Mrs I H Webb of that city, formerly of Skowhegan written for and read upon the occasion of the twenty fifth wedding anniversary of Rev and Mrs W L Jones pastor of the Universalist church of that city. This poem as well as those read by Mrs Webb upon other occasions there proves that the people of that fair land of flowers, Southern California as well as those of her own native State, Maine have become aware of her poetic gifts and appreciate the works of her facile pen.

The well known lumberman, Mr M G Shaw, of Bath is in Greenville for a short stay. Mr Shaw thinks that the coming winter's cut will be fully as large as that of last year. His firm will cut about 2 000 000 feet on Days Academy 2 000 000 on Big Squaw mountain and 1 500 000 on Roach river. This is what has been decided on and possibly later they may conclude to cut more, perhaps 7 000 000 in all. Mr Shaw states that W T Pogers will cut from 2,000 000 to 3 000 000 on Roach river, Hiram Moore, 3 000 000 on Little Squaw mountain, David Rowell 1 000,000 on Roach river and the Bridgers 1 000 000 on the northwest branch of the Penobscot.

Messrs Noah and Horace Reed have got well started on the granite work at the south end of the bridge on Main street Skowhegan. The granite wall is eight feet thick at the bottom and laid now about as high as the present water line. It was necessary to build a coffer dam to keep the water away from the work and to run a steam pump besides. This wall was sadly needed not only for the purpose of widening the street at the end of the bridge but also to make secure the mills on that end of the dam and the bridge itself. The old wall was not of workmanship to be depended upon with perfect confidence to withstand spring freshets and ice jams and a break in it would imperil the bridge and mills. It's quite an expensive job.

Maine is very hopeful for a big export demand for apples. The trade with Liverpool has started in a promising way and all the conditions are favorable. In the past two months the shipments of our prime apples to foreign markets have far exceeded those in the corresponding period of other years and have amounted to nearly 700 000 barrels. The British market in particular, a favorable to our apple growers and by far the greater part of the American surplus is shipped to London, Liverpool and Glasgow from New York, Boston and Philadelphia. The promise from Germany also is better than usual. For abundance and for quality the yield of the extensive apple orchards of this State has been splendid.

A good story is going the rounds of how a well known engineer of the Maine Central who lives beside a conductor of the same line got somewhat mixed in his bearings the other night. The houses in which the two families live are finished exactly alike on the inside, although painted different colors outside. The engineer went home recently and found, as he supposed the wife and two daughters of the conductor calling on his wife. He gave them appropriate greetings and started for the dining room, when he found the ladies blocking his way. He cast a hasty look around and saw at once that he had made a mistake and was in his neighbor's house. He is one of the quiet kind of fellows who, when caught in a trap of this kind, is too confused to utter a few words of apology, and he skipped out, but he told his wife that he would not have had it happen for anything, for the "boys" would be sure to get hold of it.

HERE ARE A FEW OF THE MANY BARGAINS "THE FASHION" OFFERS TO Saturday Shoppers.

OUR BUYER has recently returned from the Boston and New York markets, and our First, Second, and Third Floors are packed full to overflowing with NEW, BRIGHT, TEMPTING MERCHANDISE such as everybody needs at this season of the year, at prices that have made our store FAMOUS.

In fact, Bangor's Popular Store is simply "Out of Sight" of all competitors, and is STILL CLIMBING.

OUR SALES during the past two weeks have broken all PRECEDING RECORDS and at times our force of 30 sales people have been unable to cope with the crowds which have fairly stormed all three floors of our establishment.

The FACT that this has been accomplished IN SPITE of the unfavorable weather conditions is significant and needs no comment. It simply emphasizes what everybody now knows to be a fact that The Fashion IS

"THE BUSIEST PLACE ON BANGOR'S BUSIEST STREET."

Or as a customer put it to one of the proprietors during the past week: "You ought to name this store the Bee Hive for it ... is more like one than like an ordinary store." If The Fashion has not already won such a warm place in the hearts of the Bangor and suburban Bangor public we think we shall act upon ... suggestion.

NOW OPEN.

Formal Opening of the New Iron Bridge at Howland Celebrated.

Splendid Development of Two Towns in Less Than a Decade.

Those who were fortunate enough to be present Friday on the occasion of the formal opening of the splendid new bridge at Howland could not fail to be impressed with the magnificent possibilities for the future of Maine Less than a decade ago the Penobscot river was flowing through the almost unbroken forest at this point. To-day one can stand upon this modern iron bridge, some eleven hundred feet in length, and see two pulp mills that furnish employment for more than two hundred hands, with neat and comfortable houses scattered about, while still others are in process of erection

This is progress and the kind of progress that ought to make every resident of Maine glad For years this grand water power was allowed to run to waste while hundreds of thousands of dollars were being sent out of the State to seek investment It is now utilized in part and before many years we believe it will be harnessed to its full capacity in driving the wheels of diversified industry.

The turning point has been reached Capital is now remaining at home where it can find greater opportunities than are offered elsewhere It has taken some time to educate the people in this respect, but now that the eyes of capitalists have been turned toward our own resources, with the return of business confidence all over the country sure to follow the election of McKinley and Hobart on November third, there is good reason to believe that Maine will make rapid strides in the way of development in the next decade

The opening of the new bridge referred to was the occasion of much rejoicing among the enterprising people of the two towns of Howland and Montague When the special train which left this city Friday morning with a considerable number of citizens on board, pulled into Montague, it was greeted by a pleasant sight Flags were flying in every direction, the people, ladies and gentlemen, were out in carriages and on foot and the Montague Cornet Band, the members of which freely gave their services for the day rendered spirited music There was a degree of warmth and cordiality in the reception that made everyone happy Buckboards were in readiness to take the visitors to the central object of interest—

The Bridge

The bridge contract was taken by the Berlin Iron Bridge Company, of East Berlin, Connecticut, and the price was $41 000 00. They sublet the substructure to Bearce & Clifford, of Lewiston The bridge is located below the junction of the Penobscot and Piscataquis rivers, at a point where the Lagrange road strikes the river The length of the bridge is 918 feet between abutments There are two stone abutments and four piers, built wholly of granite and laid in Portland cement, two parts sand to one of cement The foundation for the piers is of quarried rock and is about 12 feet by 36 feet Where cut stone courses commence the pier is 7 feet wide by 34 feet long

Each pier has an ice breaker There are five spans nearly 184 feet in length each, and the height of the trestle work is 32 feet

The structure was commenced in the fall of 1895 There was no snow until the last of February and as the stone for the substructure was drawn about six miles the work was delayed After the abutment and three piers had been erected and work begun on the fourth pier, the great freshet of March swept the crib away carrying out the ice in the river and with a powerful current and a depth of $12\frac{1}{2}$ feet of water it was deemed advisable to postpone the work until after the drives had passed

As soon as practicable work was resumed, when our great summer freshet (causing a rise of 5 feet 4 inches in the main river) again swept away the bridge and platforms erected by the sub-contractors

After the structure had been carefully examined the large assemblage of people was called to order by Mr Frank Parsons, Agent of the Montague mill who called upon Hon W T Wood, chairman of the Board of County Commissioners, to preside It was an excellent selection as Mr Wood conducted the exercises which were held on the bridge in a very happy manner He stated that Governor Cleaves had been unable to attend by reason of other engagements and called upon Senator Day, of Corinna who represented the Governor on this occasion.

After reading a letter from the Governor requesting him to speak for the State Mr Day said that the Governor had not used his usual good judgment in making a selection as he was not a public speaker Heretofore Mr Day has been considered as a truthful man, but there are some doubts on the point now He is a public speaker and a rattling good one, judged from his effort at Howland. Possessing an intimate knowledge of the history of the legislation he rapidly sketched it in an interesting and instructive manner, and congratulated the people of these progressive towns upon the consummation of a project that meant much to the future comfort and prosperity of that growing section His remarks were warmly applauded

He was followed by Representative Jones, of Lincoln, who made an exceedingly pithy speech, in which he graphically traced the development of the section, he having been one of the pioneers in the work and for a time the manager of the Howland mill which was built under his direction. Mr. Jones occupies a warm place in the hearts of the people of the entire section and was given a rousing greeting

Chairman Wood then said a few words in connection with the construction of the bridge. The State had appropriated $20,000 on condition that $20,000 more be raised from other sources The town by its own enterprise had built one iron bridge across the Piscataquis river and the burden of another bridge was too much to expect. It was a county necessity and the commissioners regarding it as such had decided to aid the project.

It was now one of the pleasantest duties of his official career to tell the people that the bridge was theirs and he hoped and believed that it would prove all that had been anticipated both as a public convenience, in the place of the old ferry, and as a means of further enhancing the prosperity of the section.

Dr. McGregor, of Enfield, who shares with Mr. Jones only in the high esteem in which he is held by the people accepted the bridge on the part of the towns in brief remarks. Short speeches then followed from Mr. Thomas, Mr. Towne, of the Bridge Company, Mr. C. W. Coffin, of this city, and Mr. Parsons, of Enfield. After these exercises the visitors were entertained at dinner in the public house and in private houses, and the bill of fare included about everything to tempt the appetite of man and most of the party ... their appetites ...

were visited The Howland mill is in full operation, but the Montague mill is now undergoing very extensive repairs which will include new machinery. There was a dance in the afternoon and a ball in the evening, but the visitors were unable to participate in these pleasant festivities as the special left for Bangor at about half past two o clock The committee of the two towns certainly did everything possible for the entertainment of their guests and the occasion was certainly a most enjoyable one

FOOT BALL

Bangor to Play C C I To-day—Bates and M S C To-day

The Bangor High School team will go to Waterville today and play Coburn Classical Institute Cutter has not quite recovered from his wrenched ankle and will not play probably until next week Burrill will take his place at center Otherwise the line up will be about the same as in previous games Snow and Swett may play in the second half The team will line up as follow Bailey l e, Davis l t, Smith l g, Burrill c, York r g, Hunt r t, Crowley, r e, McCann, q b Hunt h b, Knaide h b, Conners f b

Maine State and Bates will play at Orono to day The only change in Bates' line up, from last week, will be that Murphy will be out of the game For M S C Morrill will play tackle Hatch half and Noyes in the line Special cars over the B O & O will leave West Market square at 1 30 1 45, 2 and 2 15 p m Special rates for the round trip Tickets for sale in Sargent s drug store

Lewiston Journal Lewiston men who saw the Bowdoin Colby foot ball game Wednesday say that the score does not begin to indicate the superiority of the Bowdoin team The result has encouraged Bates, who reason that since M S C scored against Bowdoin and they played them to a tie, and Colby and M S C played a close game, Bates chances against Colby are good

Bowdoin's Long Trip

The Bowdoin team left on Friday for North Adams, which is about four miles out of Williamstown, where the team will play Williams to-day North Adams is a very quiet place where the boys will be able to rest well before the hard game Williams is one of the strongest if not the strongest, teams that Bowdoin will line up against this season From Williamstown the team will proceed to Hanover and will remain there until Wednesday when they will play their old enemy, Dartmouth

This game will probably be the best game of the season Last year Bowdoin tied Dartmouth, so Dartmouth is very anxious to shut her out this year and old Bowdoin expects to make the showing of her life to win the game

From Hanover the teams will go to Andover to play Phillips Andover on Saturday Of course this game will be the easiest on the trip though Andover is probably the strongest fitting school team in the country

On the following Wednesday Bowdoin plays Massachusetts Institute of Technology on the South End grounds in Boston This game will close one of the longest trips in Bowdoin history It may be possible for the team to return after the Andover game, but it is not likely The result of this trip will bear strongly upon the reputation that Bowdoin will have among the colleges of New England

It is very much to be regretted that the brilliant little quarter-back who played all the games of the opening of the season must put a stop to his playing It is not on account of his lack of scholarship that he is obliged to stop, but simply the prejudice of his parents against foot ball Fairfield, 99 had excellent prospects before him of making a star quarter before his course closed It is hoped that another year will wear off the obstacles at home

It was also rumored that Moulton, '98 would not be able to play any more but Capt Stearns visited his parents in Bath and returned with the desired permission

Besides the team which played against Colby Wednesday the following were taken to substitute Stetson and Ives, backs, Wiggin and Gould for the line

Representative women of our land also are enthusiastic in praise of its marvelous power to cure among them being Vice Pres of the Massachusetts Moral Abstinence Society Mrs S Louise Barton of Boston, Mass, who was cured by this grand medicine

Now comes a letter from one of the most widely known women in America Mrs Henry Ward Beecher, who is loved and honored by everybody and who thus speaks to the people out of her deep regard for humanity and her earnest desire to see the weak, tired feeble nervous and suffering restored again to health and strength

She has personally witnessed the really wonderful effects of Dr Greene s Nervura in curing several of her friends and for the good of others for those who are out of health she writes to the people what she knows and has herself witnessed of the remarkable beneficial and health-giving effects of Dr Greene s Nervura blood and nerve remedy

Mrs Beecher says —"I have given some of Dr Greene s Nervura to several friends who I thought would be benefited by it They speak highly of it and feel they have been much benefited by its use

"These people are very responsible witnesses as to the beneficial character of the medicine and I am ready to vouch for the honesty of their approval of Dr Greene s Nervura

"If needed in my own case I certainly should use it

ENJOYABLE RE-UNION

Of the Castine Normal School Association

The annual reunion of the Castine Normal School Association was held last evening at the Y M C A building and the occasion was a very pleasant one There were twenty present but the number would have been largely increased had those who intended to come from Castine been able to reach here

They started on a steamer, but the machinery broke down and so they had to return Another trip was made on buckboards, but it was so muddy and the weather was so disagreeable that it was found to be impracticable to come A telegraph message to that effect was sent to the city It was originally intended to have the banquet at 7 30 but it was delayed until 9

The banquet was served by Fox & Adams who provided an excellent menu Afterwards interesting remarks were made by a number of those present and the time was passed socially and very enjoyably The following officers were re elected

President, A F Richardson
Vice President, O J Clement
Secretary Miss Susie Bradford
Treasurer Miss Ella Jordan
Finance Committee Mrs L S Chillcott Melvin Moore and Mr Meade

Birds at the Amsterdam Zoo.

The collection of storks, herons and cranes at Amsterdam ... among the best in Europe. ... unlike the cormorants, are exhibited in entirely artificial surroundings. Dutch taste is right in this decision, for the birds are so decorative both in form and plumage that conventional surroundings set off their beauty and they appear to far greater advantage than in the setting of a meadow railed off by wire ... they are kept in Regent's park. They inhabit a double line of square courts paved with deep dry sand and faced with widely spaced bars. A miniature ... of running water travels through each of the courts from end to end of the line. In the center of each row is the fountain which supplies the stream, arched over by chestnut trees and surrounded by groups of solemn flamingoes Standing on the warm, dry sand by the splashing stream the groups of crimson headed cranes gray, white and purple herons scarlet or bronze ibises egrets and their kin are in plumage and condition as perfect as it is possible for birds to be.

The cranes are in such spirits that they dance all the morning, and even the adjutant storks forget to look miserable. The "figures" in an Amsterdam crane's dance are probably those which have always been the fashion among cranes since they lived on the Meander First they spread their wings and leap lightly forward, then turn and retire at the slow march, bowing as each foot is placed on the ground, and complete the figure by the "goose step." The pheasantries are admirably designed for exhibiting the beauty of the rare and gorgeous birds from the Dutch East Indian colonies. Each pair of birds lives in a spacious court, the sides and front of the inclosure being bounded with trimmed ivy, making a frame to the picture.—London Spectator
